PER CAPITA INCOME AND EXPENDITURE IN GUJARAT

2460. SHRI CHAMANBHAI HARIBHAI SHUKLA : Will the Minister of PLANNING AND PROGRAMME IMPLEMENTATION be pleased to state:

(a) what is the per capita income and expenditure in State of Gujarat during the last three years;

(b) whether the per capita income and expenditure in Gujarat is less than the National average; and

(c) if so, the steps being taken to increase the per capita income and expenditure of Gujarat ?

THE MINISTER OF STATE OF THE MINISTRY OF PLANNING AND PROGRAMME IMPLEMENTATION (SHRI GIRIDHAR GOMANGO) : (a) Per capita Net State Domestic Product at current prices for the latest three years 1989-90 to 1991-92 for which information is available along with corresponding all-India per capita Net National Product are given in Column 2 and 3 of the statement attached. (*see* below) Per capita household consumption expenditure in the State of Gujarat along with national average separately for rural and urban areas for three years 1988-89 to 1990-91 is also given in columns 4 to 7.

(b) The State of Gujarat had per capita Net State Domestic Product higher than All India per capita Net National Product consistently during all the three years.

As for per capita consumption expenditure rural households in Gujarat had lower per capita consumption expenditure during the years 1988-89 and 1990-91. But during 1989-90, they had higher per capita consumption expenditure compared to All India. Urban Households of Gujarat had per capita consumption expenditure higher than All India during the same period except in 1990-91.

Statement

Per Capita Net State Domestic Product at current prices and Monthly per capita consumption expenditure

(In Rupees)

Year	Per capita Net State Domestic Product of Gujarat	Per capita All-India Net National Product	Per Capita Consumption expenditure

(c) The Government of Gujarat has been implementing plans for raising consumption expenditure and income of the people. These plans include investment for development of agriculture, industry, infrastructure, irrigation, rural development, education, health etc. Besides, programmes to generate employment and income to the poor are also under implementation.

REPORT OF THE EXPERT GROUP REGARDING COUNTRY'S POPULATION

2461. DR. BAPU KALDATE : Will the Minister of PLANNING AND PROGRAMME IMPLEMENTATION be pleased to state:

(a) whether it is a fact that according to the latest report of the expert group constituted by Government, the percentage of country's population below the poverty line is much higher than the earlier estimation;

(b) what are the details thereof stating the names of the states which have been ranked as the poorest both in urban and rural areas; and

(c) what is the manner in which Government proposes to tackle the problem?

THE MINISTER OF STATE OF THE MINISTRY OF PLANNING AND PROGRAMME IMPLEMENTATION (SHRI GIRIDHAR GOMANGO) : (a) and (b) As per the earlier estimates, the percentage of people living below poverty line in 1987-88, the latest year for which poverty estimates are available was 29.9 per cent. The Expert Group, on the basis of an alternative methodology, has estimated the percentage of people below poverty line in 1987-88 as 39.34 per cent. As per both the estimates. Orissa and Bihar have been ranked as the poorest states in respect of both urban and rural poverty in 1987-88.

(c) A number of programmes are being implemented in order to improve the quality of life of the poor households. These include programmes for raising incomes and generating employment such as Integrated Rural Development Programme (IRDP) and Jawahar Rozgar Yojana (JRY). In addition, Special Component Plan for Scheduled Castes (SCP) and Tribal Sub-Plan (TSP) are being implemented which aim at providing a package of benefits for SC and ST so as to enable them to meet their specific needs, raise their income and levels of living.
